- NEMA WC-70 CONSTRUCTION REQUIREMENTS
- ROHS COMPLIANT
- T90 NYLON/TWN75 SIZES 750 KCMIL CSA C22.2 NO 75

## REPUBLIC WIRE'S PRE-LUBE ALTERNATIVE

**Pull-E-Z** Significantly reduces coefficient of drag. Can be used with or without standard pulling lubricants.

**Pull-E-Z** will not affect print permeability – no more missing or smudged print legends.

**Pull-E-Z** formulation does not weaken nylon jacket – easier pulling – less nylon cracking.
